Subject: Re: LWG Request for Extension to Dispute: CDF Performance Standards

Jim

EPA is reviewing the LWG's April 14, 2010 letter in response to EPA's letter of February 18, 2010 regarding performance standards for Confined Disposal Facilities for the Portland Harbor Feasibility Study . Although we have not determined that LWG's understanding of EPA's clarifications is incorrect, we believe that an extension of the dispute deadline is appropriate so that we may fully consider the LWG's response and allow for any related follow-up with the LWG. As a result, EPA is extending the dispute deadline to April 30, 2010.
